

PRODUCT SPECIFICATION SHEET

FastSan+ Disinfectant & Sanitiser Spray 1 Litre

Auriel FastSan+ Cleaner and Sanitiser Spray deeply penetrates, lifts out and removes all dirt including grease on surfaces to quickly clean and sanitise.

FastSan+ is a true full-spectrum cleaner with a neutral pH where active agents break through the surface tension which defeats many conventional cleaning chemicals.

A super-clean and sanitised surface attracts less dirt and consequently requires less frequent cleaning.

Food-safe and ready-to-use spray that sanitises, cleans and deodorises in one step saving you time and effort; does not require a rinse prior to recoat.

Works against a broad spectrum of bacteria, is virucidal (including HIV-1 and HBV) and inhibits the growth of mold, mildew and odours. Effective against Pseudomonas, Staphylococcus aureus and Streptococcus faecalis, Influenza and Trichophyton mentagrophytes (the athlete's foot fungus).

Professional eco-safe product for superior cleaning.
